S P O R T
O U T D O O R

The robust design and stability of the 300X table can be appreciated at first sight. But these are not its only advantages. Its playing surface offers excellent rebound to delight players at all levels. The 300X table is able to adapt to slightly uneven terrain with its adjustable legs, while its central locking/release system and two brakes provide a high level of safety.

S P O R T
O U T D O O R

It's the look of the 400X table that makes it stand out at first sight, but it truly reveals what it has to offer when played on. Its height-adjustable legs and large wheels enable it to take on any terrain. Its point counters are ideal for hard-fought matches, and its racket and ball storage spaces will prove highly practical. Together with its locking/release system combining optimal ergonomics and safety, as well as its powerful brakes, the whole family are able to handle the table safely.

PERFORMANCE
OUTDOOR

As the embodiment of Cornilleau's 'high performance' spirit, the 500X invites you to concentrate on what matters: the game. Its excellent rebound is ideal for high-level rallies and its various features have been designed to allow you to play wherever you want, in any situation. Its tapered legs, bold lines and sturdy sides are what help create its strong personality.

SAFE FOR EVERYONE !

CENTRALISED SYSTEM INTEGRATED DOUBLE SECURITY

Using a central release handle, the table can be opened and closed with extreme ease. The DSI system has 16 locking points. The table is fully locked in playing and storage positions. What's more, because of its unique system, if a child opens the table and releases the handle, the panel automatically locks at 65°, thereby avoiding any risk of accident. Finally, if the top is not fully locked in the playing position, a second locking level stops the top from flipping over. Easy to store The patented « Compact Technology » system ensures optimum safety, easy movement and minimizes storage space requirements. OUTDOOR ULTRA DURABLE The tabletop can be locked and unlocked thanks to a button system at the bottom and top of the side of your table. Composed of 8 locking points, it meets the safety standard.

DECENTRALISED SYSTEM

The tabletop can be locked and unlocked thanks to a button system at the bottom and top of the side of your table. Composed of 8 locking points, it meets the safety standard.

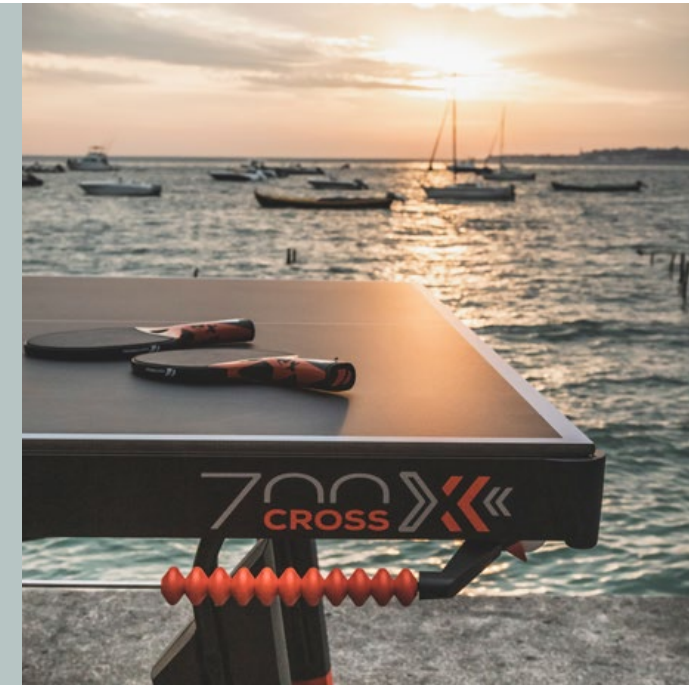

LESS GLARE FOR GREATER PLAYING COMFORT

MATTOP

10 times less glare from the sun and improved transmission of spin.
