VALLEY

Evolution =revolution

With Top Cat, Valley thought outside the Bar Box. With Pro Cat, we thought even harder.

Rather than simply resting on supports, Pro Cat's inch-thick slate is rigidly sandwiched between the top rail and underrail, creating our most solid table ever. We still retain the easily-replaced 5-bolt cushion system that Operators love.

Concerned about the additional weight of the inch-thick slate? Pro Cat can be ordered with our patent-pending Slate Lift system, allowing for one technician to remove the top rails, raise, recover and re-install the slate. Freshening the table with new cloth means far fewer headaches.

Pro Cat can be equipped with the time-tested ZDX electronics package. In addition to a Bill Acceptor a credit card system is now offered.

Tournament-cut cushion rails are standard equipment on every Pro Cat. For that play experience Tournament and Enthusiast players look for

Specification	Assembled L x W x H	Box L x W x H	Weight
93 (7-foot)	92.75" x 52.75" x 31.5"	97" x 57" x 21"	860 lbs
Leg Box	92.75" x 52.75" x 31.5"	18" x 22" x 24"	30 lbs

Dimensions provided are for the box only. Shipping weights and dimensions can vary based on a number of factors. Contact your Dealer for more information.
